APPENDIX A:

TENDER SPECIFICATIONS:

Bid Specification for Two (2) Half Ton Regular Cab 4x2 – 2 Door Trucks

Prince Edward Island Department of Transportation, Infrastructure & Energy

Mechanical Branch

Introduction:

This tender is for the purchase two (2) regular cab 4x2 – 2 door half ton trucks with option to purchase additional trucks up to 12 months after the award. The Department's decision to purchase will be based on best value as determined by the Department.

Requirements & Bid Evaluation:

Award will be based upon the compliance to the tender, the lowest total bid price and earliest guaranteed delivery date.

If an unknown or unproven make/model is submitted as lowest bid, an evaluation will be done of a current production vehicle the same as tendered. If evaluated and deemed suitable, the bidder or manufacturer will, if requested, provide a demonstration at a location agreed on by the Department, any special travel costs incurred by the Department may be considered as part of the total bid price.

General:

The Department reserves the right to decide which manufacturer offers the best value to the Department in terms of key specification areas, and lowest price. This document shall be properly completed and must be returned with all tenders. Lowest or any tender not necessarily accepted.

The Department will review competitive pricing and earliest guaranteed delivery date meeting all the general specifications requirements.

The results of this tender may or may not be used for additional purchases for twelve months from time of award, as agreed to by bidding vendor.

Upon delivery and training of operators and technicians, the trucks will be inspected for compliance to specifications description. Any deficiencies shall be required to be corrected at the bidder's expense before payment for that particular unit is approved or an appropriate credit adjustment is agreed upon.

A response must be stated for each item and where requested an actual value, a blank response will be deemed as meaning "no". Any response with a "no" or a blank may result in the bid being rejected, unless the specifications requested can be provided with an equivalent or better option.

Delivery:

The Trucks must be delivered to the Department of Transportation, Infrastructure & Energy, Charlottetown Mechanical Branch on or before specified delivery date vendor submitted on tender document.

Delay in Delivery:

The Bidder's attention is drawn to the delivery deadline date. Any delays beyond this time will be considered a lack of performance by the Vendor and a failure to provide the tendered equipment. A penalty of \$100.00 per calendar day per unit may be assessed against the Vendor until delivery is completed. Please note that no vendor will be penalized for late delivery as a result of circumstances beyond their control.

Documentation must be provided as proof of reason for late delivery. In the event the Department agrees to an extension of the delivery date, no penalty will be assessed.

Product Acceptance:

The trucks must be properly pre-delivery serviced to ensure they are ready for use with particular attention to lubes, fluids, filters, belts, all fasteners, lighting, electrical components, sensors and adjustable items. Dealer will perform necessary inspection. **Dealer is responsible for hook up and testing of units prior to putting into service.**

Staff Training:

The supplier is to provide a competent representative to train Department of Transportation, Infrastructure & Energy staff. Familiarization will include the operating features and it's design so as to enable proper operation, maintenance and servicing.

Service Manual:

Dealer is to provide One (1) electronic and one hard copy of parts and service manual procedures per vehicle.

Warranty:

All warranty work, including shipping, parts delivery charges, all shipments and travel, will be at the expense of the supplier.
